# dorado

A luxurious beauty ritual characterized by an unusual intense and durable brightness, which draws its strength from the earth's resources and in which their vital energy is condensed. Thanks to the gold particles, and their reflecting and antioxidant properties, Dorado assures a vibrant shine and a regenerating and strengthening cosmetic function.

An unreleased tonal richness distinguishes this precious hair color cream, developed in a wide range of full and contemporaneous shades, a result of high technology, research and constant experimentation.

100 ml / 3.38 fl oz - 97 SHADES - MIXING RATIO (1:1,5) - SS (1:2)
